

To Whom It May Concern:

It is with much enthusiasm that I recommend Macaw Films for any film production, especially those related with accommodation and tourism industry since they are very much specialized in this sector.

I had the pleasure to work with Laurens Vendrig on several projects that include the presentation and promotion videos of Rodamon Lisbon and Rodamon Marrakech.

He has also worked with the Barcelona Quality Hostels with excellent results as well and we were once again very much satisfied with his work.

If I had to underline any aspect of Macaw Films and by extension of Laurens, I would very much speak about his professionalism, excellent work and adaptability. Personally, he is very easy to work with and friendly, always willing to help in order to find the best results.

He is able to handle productions where a big budgets were involved as well as being able work with nothing else than his cameras and equipment and get the best result out of it.

His filming and post-production skills are truly phenomenal.

At Rodamon Hostels we will certainly work with Macaw Films in the future and once again, we truly recommend their services.

Please let me know if I can provide any more information to Macaw Films or Laurens Vendrig candidacy for any film production related work.

He has a very special spark, and I trust he will go far in showing our businesses a to the rest of the world.

Sincerely,
